TPAC Asia 2025 Exhibitors Prospectus

Booth – electricity, 6' table, 2 chairs & WiFi.

Attendee passes – additional passes available for purchase.

Online Conference Guide – mobile App that displays the entire event.

Agenda Board – shows the days Agenda on ½ of the big screen display and Exhibitor Ads on the other half.

Listing on TPAC Asia web site – your listing is active for any searches the business partners or customers do. This means TPAC becomes a central clearing house for information on all Third Party products.

Opening session Sunday Afternoon – talk show format with roving mic - every exhibitor gets 2 minutes to talk about their product in front of the entire audience. A movie is best, or an animated PPT slide, and/or a list of questions we can ask you, like “XXXX is new to TPAC. What do you do?” or “What’s new for XXXX?” All exhibitors have the opportunity to present dealer awards.

Sessions are 50 minutes in duration and each meeting room has projector & screen and internet access. Sessions are multi (concurrent sessions).

Meals are served in or near the Exhibit center giving you another chance to chat with people. Provided Meals:

Sunday: Lunch, afternoon coffee, meet & greet – food and liquor.

Monday: morning coffee, afternoon coffee, Costume ball – food and liquor

Tuesday: morning coffee, lunch, afternoon coffee

Meet & Greet session Sunday night in the exhibit hall the first night – this is mostly social – gives you a good chance to meet new people and visit with longtime friends. It’s after the opening session, so people will have some notion of what you do if you are new. Network with existing or new Business Partners. Network with other development partners.

Dedicated exhibit time on Monday afternoon. Hours of dedicated time to give the delegates a chance to mingle. The passports are usually done during this session.

Passport – each delegate has a “passport” – this is done via our On-Line Ap. Each Delegate will be “scanned” by each Exhibitor. If they visit each exhibitor, then their passport becomes an entry for the prizes during the last session. Passports ensure that ALL the business partners come to your booth. It is up to you to engage them. Exhibitors and TPAC provide the prizes.

You get a spreadsheet of the entire list of all exhibitors, delegates and Sage people so you don’t need to capture their names at your booth – only the interesting ones.
