Thought Leadership Positioning

Position your executives as regional experts through coordinated content sharing and engagement strategies.

Continuous Engagement

Maintain momentum with scheduled content drops throughout the year, keeping your solutions top-of-mind for the Sage ecosystem.

Launched in June/July 2025, the Impact Collective has already generated more than 8,000 impressions and 1,000 engagements in its first weeks — achieving an impressive 13% engagement rate, well above LinkedIn's average.
